Are You Tired, Nervous and Sleepless?

Nervousness and sleeplessness are usually due to the fact that the nerves are not fed on properly nourishing blood; they are *starved* nerves. Dr. Pierce's Golden Medical Discovery *makes pure, rich blood*, and thereby the nerves are properly nourished and all the organs of the body are run as smoothly as machinery which runs in oil. In this way you feel clean, strong and strenuous—you are toned up and invigorated, and you are good for a whole lot of physical or mental work. Best of all, the strength and increase in vitality and health are *lasting*.

The trouble with most tonics and medicines which have a large, booming sale for a short time, is that they are largely composed of alcohol holding the drugs in solution. This alcohol shrinks up the red blood corpuscles, and in the long run greatly injures the system. One may feel exhilarated and better for the time being, yet in the end weakened and with vitality decreased. Dr. Pierce's Golden Medical Discovery contains no alcohol. Every bottle of it bears upon its wrapper *The Badge of Honesty*, in a full list of all its several ingredients. For the druggist to offer you something he claims is "just as good" is to insult your intelligence.

Every ingredient entering into the world-famed "Golden Medical Discovery" has the unanimous approval and endorsement of the leading medical authorities of all the several schools of practice. No other medicine sold through druggists for like purposes has any such endorsement.

The "Golden Medical Discovery" not only produces all the good effects to be obtained from the use of Golden Seal root, in all stomach, liver and bowel troubles, as in dyspepsia, biliousness, constipation, ulceration of stomach and bowels and kindred ailments, but the Golden Seal root used in its compounding is greatly enhanced in its curative action by other ingredients such as Stone root, Black Cherry bark, Bloodroot, Mandrake root and chemically pure triple-refined glycerine.

"The Common Sense Medical Adviser," is sent free in paper covers on receipt of 21 one-cent stamps to pay the cost of mailing *only*. For 31 stamps the cloth-bound volume will be sent. Address Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Pleasant Pellets cure constipation, biliousness and headache.

THE POWER OF STEAM.

Many May See But It Takes Genius to Realize.

When James Watt saw the steam causing the kettle lid to jump up and down he said "There must be power in that steam that it can lift such a weight."

There was.

Millions prior to him had seen the same phenomenon and regarded it as an unexplained mystery.

Recent scientific research has put its finger on the "cause" of Dandruff, Falling Hair, and consequent Baldness, and has unearthed a tiny germ which eats the life from the roots of human hair.

Newbro's Herpicide destroys this germ and consequently restores the hair to its natural state.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

THE RUSSIAN SITUATION.

The curtain dropped yesterday afternoon on the final act of the drama of Russia's first Parliament, when, under the spur of the threat of Gov. Rechauberg to use military force to end the session in Viborg, Finland, and with troops already converging on the Hotel Belvedere, where the meeting was held, the assembled members of the Lower House, 186 in number, hurriedly adopted and signed an address to the people which is thoroughly revolutionary in its nature, elected a perpetual executive committee, headed by Prince Paul Dolgoroukoff, vice president of the House, to carry on the work of liberation, and adjourned amid characteristic Russian embracing and kissing.

Among other things the address contains the following:

"The government will act arbitrarily to obtain a pliable, subservient Parliament. Should it succeed in completely suppressing the popular movement, the government will convoke no Parliament at all.

"Citizens, stand up for your trampled on rights, for popular representation, and for an imperial Parliament. You are now the government. Until a representative Parliament is summoned, do not give a kupec to the throne or a soldier to the army.

"Be steadfast in your refusal. No power can resist the united, inflexible will of the people.

"Should the government contract loans such loans will be invalid. The Russian people will never acknowledge them."

Advices from St. Petersburg say that the language of the address adopted by the members of Parliament at Viborg, with its revolutionary demands, afford pretext enough for the government to lodge its authors in the fortress if it feels strong enough. A rumor was spread last night that this course had been decided upon.

A large crowd gathered at the Finland station last night, when the deputies were expected to arrive, but only a few appeared and these were not molested, and neither was there a popular demonstration. Among the arrivals were President Mouromtseff and Ivan Petrunkevich.

Copies of the appeal to the people are in the hands of all St. Petersburg newspapers, but it will scarcely be printed today, for the reason that a detachment of police is posted at the door of every newspaper printing office in the city with orders not to permit any papers to leave the building until authorized by the censor. The authorities hope by equally vigorous measures to prevent the publication of the appeal in other cities and in the meantime nullify the fears of the people as to the possible effect of the appeal.

The theaters and other places of amusement were almost empty last night, the public fearing conflicts between crowds and the military and police. Several encounters took place in various parts of the city, but they were all of a petty character.

A dispatch from Warsaw says that a band of mutinous artillerymen from the forces at Brest-Litvosk (130 miles south of Grodno) yesterday fired on the Officers Club, where there were many officers gathered. The officers exchanged shots with the mutineers and two of the former were killed. The mutineers finally were surrounded by infantrymen and arrested. A feeling of depression prevails in Warsaw in consequence of the news from St. Petersburg. The socialists have issued proclamations advocating refusal to pay taxes, the withholding of recruits, and revolution.

Another Jewish Massacre Feared.

Israel Zangwill, president of the Jewish territorial organization in London, has received a telegram from Russia to the effect that the country is on the eve of new massacres of Jews, which have been fixed for July 28, the anniversary of Russia's conversion to Christianity. Arms, it is added, are being distributed and leaflets are being scattered, inciting massacres in the name of religion.

The message implores the assistance of Europe to prevent bloodshed.

The Jews at Odessa are in a state of panic fearing an anti-Jewish outbreak as the result of the killing of a drunken Cossack, who recently wandered through the Jewish quarter, brandishing his saber and shouting. "Death to the Jew." Gov. Gen. Kaulbars, addressing a deputation of Jews yesterday said: "I vouch for my soldiers, but I am unable to say what the Cossacks or Christian civilians might do."

Cossacks yesterday morning looted three Jewish shops.

The situation bears all the signs of a tense lull before a storm. The public is nervously apprehensive, and the attitude of the garrison and reserves is uncertain. Anarchist excesses are feared.

Four hundred political arrests have been made within twenty-four hours. The streets are now patroled, the Cossacks are confined to barracks, and martial law is being vigorously enforced.

At midnight last night the inhabitants were moving in masses through the center of the town, where the hotels were overcrowded. Cossacks have declared that they will slaughter all the Jews in Prokhorovskaya street, where their comrade was killed.

Alexandria Gazette
SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

TUESDAY EVENING, JULY 24, 1906.

THE ARMOR plate contract recently let by the Navy Department is interesting because it shows that the government has been paying vastly too much for its armor and armor plate, under the law that requires it to purchase armament and armor of domestic manufacture for vessels authorized." The Midvale Company, of Philadelphia, offered to furnish the material for $245 a ton, while the Bethlehem Company, offered to furnish it at about $892 a ton, making a difference of $47 a ton. Of course, the Midvale Company would, under the law, have got the contract for the entire amount required, if it had insisted on it. But the trust reduced its bid to the level of that of the Midvale Company, and was awarded one half of the work, with the apparent consent of its rival. It is now said that an understanding was reached for effecting a merger with the Midvale Company, in order to avoid future competition; and that it was this merger proposition which brought about the agreement to divide the present contract between the successful and unsuccessful bidders. So that next year the new combine will get all the work at the highest price, unless the law limiting the purchase to "domestic manufacture" should be repealed, so as to allow purchases abroad. It was clearly shown in the course of debates in the Senate several years ago, that armor plate could be manufactured in this country at a cost not exceeding $225 a ton. And yet, in 1900 and prior years thereto, the government paid the trust $545 a ton; thus giving the trust a clear profit of $320 a ton. In 1903 the government paid the trust $452 a ton, leaving the trust a profit of $227 a ton. This year it pays only $345 a ton, still leaving a profit of $120 a ton. And now that the old monopoly has been re-established by taking into the trust the only independent armor plate factory in the country, the old price of $545 a ton will be restored. With the aid of the republican party the trust has robbed the people of money enough to build a score of ships and will continue to rob them until the party is driven from power. When it comes to rewarding the trusts that furnish campaign funds, the republican party certainly "does things."

IN THE national campaign two years ago Judge Parker took the position "that we have laws enough to stop every corporate abuse; that all that is lacking is an administration disposed to enforce the law." This cruel puncture of the Roosevelt-Taft inferential claim that the success of federal prosecutions of violations of law by corporations are due to new statutes is successfully made by Judge Parker. He conclusively shows that there is no excuse, at this time, for the claim of Secretary Taft that his (Parker's) assertion in 1904, that existing law is adequate to put an end to all trust and corporate abuses, was inaccurate. For as Judge Parker shows: "Not one of the successful prosecutions for violation of the anti-trust law is based on any new statue." The decisions of the United States courts, both civil and criminal, during the last year show this and conclusively prove that either the Taft-Roosevelt announcement was made carelessly or for the purpose of partisan advantage. What troubles President Roosevelt and Secretary Taft is that it is impossible for them to explain why the Roosevelt administration for over four years did not prosecute the trusts and corporations, although the laws were on the statute books then as now and no prosecutions have occurred under any new law. The railroad rate legislation, just enacted, is intended to regulate freight and passenger rates, but has nothing to do with the prosecutions of trusts and corporations for restricting trade, which is fully provided for under the interstate commerce law and, for that matter, under the common law. Why did the Roosevelt administration sit supinely by for four years and allow the trusts and corporations that had grown up under the fostering of the protective tariff to plunder the people with impunity? The answer is plain and cannot be controverted. It was because the republican political machine needed and expected and did receive large contributions from the corporations to run the campaign of 1904 of which Mr. Roosevelt was the immediate beneficiary.

THE REPORT of the joint committees on light, finance and general laws recommending the acceptance of the bid of E. E. Mandeville, of Philadelphia, for furnishing electricity to the city of Alexandria will be presented to the City Council tonight. It is hoped by a large majority of the people of this city that it will be adopted and that as soon as possible Alexandria may have a modern plant capable of furnishing light and power to all who desire it. The people of this city have been importuning their representatives for several years past to put Alexandria in a position whereby small manufacturing enterprises will be attracted to our midst. This is believed to be impossible under existing circumstances, as electricity in this day is a prime essential to all industries. Besides the people of Alexandria desire to use electricity for illuminating purposes. Nearly every city and town in the Commonwealth is enjoying this modern adjunct to all communities, and it is hoped each member of the City Council will see his way clear to vote for the adoption of the committee's report. Mr. Mandeville proposes to construct a plant in the city which will cost not less than $70,000. This alone will be an advertisement for Alexandria, as it will be sure to attract attention to our city and be the direct means of bringing additional industries here. Alexandrians have recently seen their dreams for the introduction of electricity vanish. It is hoped that their wishes will be realized

ON SATURDAY it was again announced that the last of the "insurgent" Filipinos had surrendered. Yesterday's dispatches told of an attack by several hundred Filipinos on a detachment of American soldiers in which fight a lieutenant and a dozen or more Americans were killed. This is similar to Spain's long experience with the Filipinos.

THE MEANEST man has been found He lives in Centreville, Pa., and is the fellow who put a rat trap in his trousers pocket and caught his wife who, while he slept, was looking for pin money.

From Washington.

(Correspondence of the Alexandria Gazette.)
Washington, July 24.

Brigadier General William Crozier, Chief of Ordnance of the army, today issued an order addressed to all officers of the ordnance corps in which they are enjoined strictly to obey the letter of the eight-hour law with regard to reporting all violations of that law by government contractors for ordnance material.

European commercial nations are mystified at the shipping invasion Germany has made during the last year in the Mediterranean, according to a statement Consul-General Robert P. Skinner, of Marseilles, France, has just made to the State Department. Until a year ago the German flag was inconspicuous in the Mediterranean. Now several lines of steamers have been established, and particularly the French are loud in complaining that the traffic requirements do not explain this sudden accession on the part of Germany.

Appeals are being sent to 30,000 labor organizations, appealing for contributions and setting forth the reasons for the appeal. An intelligent campaign looking to the election of members of State legislatures and the national Congress friendly to the interests of labor cannot be effected, it is argued, without incurring some expense. Contributions from $1 up are solicited. It is the intention of President Gompers to maintain a regular political headquarters here, modeled after the organizations of the two great parties. He will be in personal charge of the campaign and direct the operations of speakers and organizers.

It was announced at the Treasury Department today that 2,970 people bid for the new Panama Canal bonds. Only 78 put their offers high enough to secure any of them. There were, therefore, 2,892 unsuccessful bidders.

Secretary of Treasury Shaw will start for the west tomorrow, leaving Assistant Secretary Keep in charge of the Department, in about the middle of August. During his absence the Secretary will make a number of speeches in his own and other States.

United States Ambassador Leishman has reported to the State Department his arrival at Constantinople. It is evident from his dispatch that the Sultan has not credited him as the first ambassador to Turkey. No suggestion is made by Mr. Leishman of any disposition on the part of Turkey to receive him in that capacity.

Navy Department was informed by cable this morning of the arrival at Bahia, Brazil, of the cruiser Charleston with Secretary of State Root aboard. She will sail immediately for Rio.

Strange Prophecy.

Delegates to the Watch Tower Bible Students' Convention in Asbury Park were visibly awed by the strange prophecy of John Edgar, of Glasgow, Scotland, who told what was going to happen in America between 1911 and 1915.

"In September of the year 1912 the people will see that they have made a grave mistake and during the time between the years 1913 and 1914 the people will leave the government alone. At the end of the year 1914, state, church and the people will be at war with each other. In the year 1915 the greatest thing will come to pass—the people will again rise up against the authorities and the government—and this time they will demolish all forms of government."

Commissioner of Insurance.

Gov. Swanson has addressed a letter to the president of the State Supreme court, asking that the court will hold a special session to take up the matter of insurance commissioner. Col. Joseph Button was elected by the Legislature, but the corporation commission declined to allow him to qualify, holding that it was not clear what power should name the commissioner as the department was to be under the control and supervision of the corporation commission. Col. Button has employed Hill Carter and Samuel L. Kelly to represent him and will apply for a mandamus to compel the commission to permit him to qualify. The governor desires to see the matter settled in order that the department of government may be operative.

Will Return Home.

London, July 24.—The Russian delegates to the interparliamentary peace conference who take the position that as the Douma, by which they were appointed, has been dissolved, they no longer have a right to sit in the conference as representatives of that nation, will return to St. Petersburg today.

News of the Day.

French exports to the United States the last fiscal year broke all records, totaling $107,240,547.

Four cargoes of bananas arrived at Baltimore yesterday. Three were from Jamaica and one from Sama, Cuba.

President Roosevelt has approved the plans of the republican congressional campaign, which will have Secretaries Taft and Shaw present the stand-pat tariff argument.

Dowie made formal demand yesterday upon Voliva, the present head of Zion City, for a written and detailed account of the charges against him. Voliva refused to comply with the demand.

James Spratt, a farm hand, was instantly killed and five others were injured, two of them seriously, by lightning, which struck a hayshed yesterday on the Caperton ranch, near Louisville, Ky.

J. Edward Addicks sprung a sensation in Wilmington last night at the union republican city and county committee meeting by declaring that he intended to run for Congress on the union ticket this fall.

A buffet car on the Great Northern [illegible] to Nelson was derailed Saturday evening on a high trestle at Beaver creek, near the boundary, and crashed down the canyon, killing four persons and injuring seven.

The commission appointed to form rules and regulations for the enforcement of the pure food law held its first session in Washington yesterday. Public hearings to all interested will be given in New York, beginning in September.

Captain Samuel Donelson, a well-known democratic politician of Tennessee and once doorkeeper of the House of Representatives, died suddenly at his home in Washington, yesterday, aged 58 years. During the civil war he served on the staff of General Forest.

A meeting of women at Hlouboccp, in northern Bohemia, to protest against woman suffrage was broken up by socialists. The women fought the men who tried to stop their meeting and the socialists resorted to the use of revolvers. Twenty persons, including several women were wounded.

The body of Lady Curzon was buried yesterday in the family vault in the village churchyard of Kedleston, in the presence of only the immediate relatives. Bishop Weldon, who was Bishop of Calcutta while the Curzons were in India, officiated. Among the masses of flowers were wreaths from President Roosevelt, King Edward and Queen Alexandra, Ambassador Reid and many other prominent persons.

Anthony White, 6 years old, and his brother Frank, aged 4 living at Riverhead, L. I., have confessed that they started a fire in their father's barn and kept Julian Beck, aged 2, in a manger for the purpose of seeing whether the baby or the hay would burn first. The barn was destroyed and the infant lost its life in the blaze. The boys are too young to be prosecuted for the crime and it was only when they were told they could not go to jail that they related the story.

THE ELECTRIC LIGHT PLANT.

To the Editor of the Alexandria Gazette.

The machinery of our electric light plant was set in motion at 7:30 p. m., September 16, 1889. The plant cost us $14,000 for which we gave ten notes of $1,400 each, dated November 29, 1889, payable at from one to ten years with interest. Upon November 29, 1899, we paid the last of these notes, making the city's investment—principal $14,000, interest $4,880, total $18,880.

The contract with the Schuyler Co. called for two dynamos each to supply 50 arc lights with a guaranteed reserve of ten arc lights more.

It also called for 60 arc light of 1500 candle power each, and 120 incandescent lamps of 25 candle power each; later 20 more arc lights were substituted for the incandescent lamps. The following table shows the receipts and expenditures of the electric light plant, including cost of plant, and interest paid upon the deferred payments from September, 16, 1889, to May 31, 1906:

1890	$150 00	$4,289 02
1891	461 26	9,204 78
1892	600 00	7,445 61
1893	546 79	7,649 28
1894	719 18	9,093 85
1895	1,050 00	8,108 59
1896	675 00	8,318 93
1897	719 85	7,700 82
1898	712 50	7,482 76
1899	700 00	7,589 88
1900	708 10	7,539 71
1901	700 00	6,683 79
1902	308 33	6,477 28
1903	119 80	6,528 84
1904	101 40	6,703 11
1905	100 00	6,836 48
1906	100 00	5,997 47
	$8,472 21	$123,650 20
Deduct receipts	$8,472 21	
Deduct cost of plant	14,000 00	$22,472 21
		$101,177 99
Add interest due the city at 6 per cent. upon amounts paid annually, prior to 1900, upon account of the plant, and upon $14,000 from November 29, 1899, to May 31, 1906		8,160 00
Expenses of lighting the city with electricity to May 31, 1906		$109,337 99

Plant in operation 16 years 8½ months; average annual cost, $6,560.27; number of lamps in use, 87; average annual cost per lamp, $75.40; average annual cost per lamp, excluding interest due city upon cost of plant, $69.77.

According to the newspapers the joint committees of Council have decided to recommend the passage of an ordinance accepting the proposition of E. E. Mandeville, of Philadelphia.

"The Mandeville bid was $5,000 for the franchise for thirty years, or $8,500 for the franchise and old plant, the city to use not less than 85 arc lights at a price not to exceed $75 per annum."

In other words the city will get $166⅔ per annum for a franchise the earning capacity of which is absoluteiy unknown. It will get $3,500 for a plant which cost it $14,000, and which the best authority in the city says can be put in first class order for $500 or $600. It will get arc lights at $75 per annum each which has cost it during the past 17 years $75.40 each.

It will get 5 per cent of the gross receipts in lieu of taxes.

As the city will be the largest consumer the electric light plant will ever have, does it get 5 per cent. off its bills, or only 5 per cent. off the bills of other consumers?

On the whole it looks like selling our birthright for a mess of potage.

Yours truly
JAMES BAYNE.

Invitations have been issued to the marriage of Miss Jean Clarkson, daughter of Dr. and Mrs. Henry Mazyck Clarkson, of Haymarket, to General Thomas Ross Robertson, of the North Carolina National Guard. The wedding will take place Tuesday, August 7, in St. Paul's Church, Haymarket.

Sidney Smith Lee, jr., son of Capt. D. M. Lee, of Stafford county, grandnephew of General Robert E. Lee, and the grandson of Captain Sidney Smith Lee, of the Confederate Navy, will be appointed a second lieutenant in the United States Marine Corps. Young Lee has successfully passed the necessary examination.

At Appomattox Courthouse an oil portrait of the late Hon. Thomas S. Bocock, who represented that district in Congress for seven consecutive terms and was speaker of the Confederate Congress, was unveiled in the courthouse, it being a gift to the county by Mrs. Bocock and her daughter. Judge Hundley made the presentation, and Congressman Flood received the portrait on behalf of the county.

Knights of Columbus from all the cities of the state met in Staunton, Saturday evening, with St. Francis' Council to confer three degrees on 30 or more candidates. D. J. Callahan, of Washington, D. C., the state deputy, conferred the third degree; Richard H. Davis, of Portsmouth, Va., the second, and St. Francis Council, the first. At the close there was an elegant banquet with covers for 300.

The monument to the memory of the Confederate dead of Caroline county, will be unveiled at Bowling Green tomorrow and a large gathering is expected to take part in the ceremonies. The orator of the day will be Governor Swanson. Addresses will also be delivered by Col. R. E Lee, jr., of Fairfax, and by Mr. A. B. Chandler, of Caroline, and Capt. C. T. Smith. Judge E. C. Moncure will introduce the speakers.

Roderick Watson, of Colonial Beach, a nephew of ex-Mayor Watson, of that town, was struck by lightning and instantly killed yesterday evening at Warsaw. He had been walking on the shore of the Potomac at Cabin Point farm and had just taken refuge under a cedar tree. His uncle was only a short distance behind when the flash of lightning came. The body was taken to Colonial Beach for burial. The deceased was a grandnephew of Thomas Perry of this city.

Boys Killed.

A dispute over the possession of a nickle is supposed to have resulted in the killing at West Newton, Pa., Sunday of William Buckhardt, eight years old, by his playmate, Ralph Bailes, aged twelve years. The two boys were playing together, when Samuel Buckhardt an older brother of William, tossed a 5-cent piece toward Willie, telling him to buy peanuts. Both boys made a rush for the coin, but Willie secured it. This angered his companion, Ralph Bailes, who, it is alleged, seized a 22 caliber rifle lying on a table in the yard and fired at Willie. The bullett entered the brain, it is said, and death resulted yesterday. Deputy Coroner Robert J. Haslett has gone to West Newton to investigate the shooting. The mysterious killing of another boy occurred in Pittsburg, Pa., yesterday. Anton Pitlow, a twelve year old Italian lad, was in a swing near his home, on Lupton street, Duquesne Heights, when a shot from an unknown source was fired. The bullett entered Pitlow's heart, killing him instantly. Earl Stein, aged fourteen years, has been arrested. Stein says he fired at a cat.

Killed by Falling Building.

At least eight and perhaps three times that number of masons, plumbers, and Italian laborers were crushed to death yesterday in the sudden collapse of a building in process of construction on the main street of South Framingham, Mass., while ten others were dragged or dug out of the wreck, some seriously injured.

At a late hour last night ten men are known to be missing, and a large force of laborers was at work on the ruins, searching for the dead.

When the accident happened there were between thirty-five and forty men at work in the building. Two or three loud explosions or cracks were heard in rapid succession, and then the north-side wall and about half the front wall collapsed and crashed through to the basement, burying the men.

Explosion in a Powder House.

Four men were killed and five injured yesterday in an explosion in the powder and dynamite house belonging to Jesse O. McClain, near Robertsdale, Huntington county, Pa. The magazine was situated about half way between Robertsdale and Woodvale, the southern terminus of the East Broad Top Railroad, and from it the miners daily obtained the necessary explosives for use in the mines. Yesterday a number of the miners went into the powder house and a moment later the whole place was blown to pieces. The cause of the explosion is unknown, but it is supposed that one of the men who entered the building was smoking and through carelessness ignited the powder.

County Assessor Waylaid.

J. W. Coulter, of Leslie S. D., Assessor of Stanley County, relates the following: "I was waylaid by a complicat on of throat and lung troubles, bronchitis, asthma and a terrible cough, which had affected me for years, when I was persuaded to try Dr. King's New Discovery. Relief came almost immediately, and in a short time a permanent cure resulted." No other medicine compares with it as a sure and quick cure for coughs and colds. It cures after all other remedies have failed. Every bottle guaranteed by E. S. Leadbeater & Sons' drug store. Price 50c and $1.00. Trial bottle free.

Today's Telegraphic News

Conditions in Russia.

St. Petersburg, July 24.—There is no improvement in the Russian situation today. The condition may be likened to a seething cauldron, boiling over here and there, and likely at any moment to boil over all the way around.

Quiet reigns in St. Petersburg, but it is the ominous quiet that precedes the storm. Russian censorship is plainly at work, judging from the dispatches. The people are overawed by the presence of thousands of soldiers, but secret meetings indicate coming trouble.

The government is able at present to check the sporadic disorders that crop out here and there, but can this state last?

The plan outlined by the Douma in its Viborg manifesto, "not a kopec to the throne or a soldier for the army," is likely to bring the crisis to a head.

A peasant rebellion has broken out in the provinces of Orel and Voronezs and infantry and Cossacks are now engaged in fighting the peasants.

Several serious engagements have occurred in the neighborhood of Staigonz and Bodrov. The peasants for the most part are armed only with scythes and pitchforks, but they have made a brave stand before the troops, only to be shot down mercilessly by the soldiers. The casualties up to date are reported to exceed 500.

Details received today in regard to the mutiny last night at Warsaw are to the effect that two officers were killed and six wounded in the attack made on the officers' club by mutineers. The mutineers belonged to the artillery corps. They set fire to the officers' club and then shot down the officers as they rushed from the burning structure in their night clothes. A detachment of infantry was called out and subdued the mutineers.

It is reported today that the Czar is preparing another coup with the end in view to discredit the Douma, by issuing a manifesto granting many reform measures to the country. It is proposed particularly to favor the peasants and Jews in the reforms to be granted, the Czar making concessions along the line which he hoped the Douma would take in its legislative measures when he convoked the general assembly. It is stated that Premier Stolypen is now engaged in drawing up such a manifesto.

Odessa, July 24.—The police of this city passed a night of dread, as it was feared another massacre would break out owing to the threats made by Cossacks who were enraged by the killing of one of their comrades yesterday in the Jewish quarter. The fears of the inhabitants proved unfounded, as the night passed without disorders except the looting of a number of Jewish houses by drunken Cossacks. The Jews have been driven into a condition of complete panic, and they are leaving the city in large numbers.

Vienna, July 24. — Reports have reached here from Russian frontier railway stations that a railway strike may begin momentarily. Tickets are being sold conditionally without any guarantee that the purchaser will reach his place of destination.

London, July 24.—The Central News says that private dispatches have reached London stating that an anti-Jewish crusade has commenced at Odessa. There has been heavy destruction of property and massacres are inevitable.

Helsingfors, Finland, July 24.—The workingmen throughout Finland are becoming bellicose as a result of the troubles which have arisen in Russia, following the dissolution of the Douma. Numerous meetings of workmen were held in various parts of the country last night, at which the men pledged themselves to come to the assistance of their Russian brothers in case a general strike is ordered.

Viborg, Findland, July 24. — The government has withdrawn its order declaring martial law here as a result of the Douma returning to St. Petersburg.

News has been received here that two members of the dissolved Douma have already been arrested. One of the victims is described as a priest and the other a cossack deputy. It is also understood that instructions have been issued for the arrest of several other social democratic leaders.

St. Petersburg, July 24.—The financial panic continues. Four per cent bonds have dropped to 67½.

London, July 24.—Russian securities are still pressed for sale. Fours have fallen to 68, a loss of one-half per cent since last night's close. The discount on the new loan is up at 12, an increase of four from yesterday.

Odessa, July 24.—The anti-Jewish outbreaks, which it was feared would occur, have begun. Half a dozen Jews have already been killed and greater disorders are feared as the Black Hundreds are distributing incendiary proclamations in the streets. Cossacks are continuing their plunder of houses and shops in the Jewish quarter. Three Jews were killed and three wounded while defending their property from attack.

St. Petersburg, July 24.—Members of the douma who took part in the session yesterday at Viborg when the manifesto to the nation was adopted, are expected to arrive here at 2 o'clock this afternoon. The deputies expect arrest upon their arrival in the capital.

St. Petersburg, July 24.—Back of the plan of Premier Stolypin for the reorganization of a council of the empire, in which the Premier hopes to induce liberals and conservatives to accept membership for the purpose of ruling the nation, it is now stated is a scheme for the establishment of a practical dictatorship. The dictatorship will be the outgrowth of the establishment of this committee if the Czar agrees to their plans. Once such a council is established, it is the plan of the court camarilla to gradually absorb all the power. This would amount to a virtual dictatorship. The Czar is again wavering in his programme as he has done at every crisis. The need of a strong ruling power is felt by the Czar's advisers, and, fearing his vacillation, they desire in this way to seize power to exercise it as best suits themselves in the present emergency.

Gans Victorious.

Seattle, Wash., July 24.—Joe Gans, champion lightweight of the world, was given the decision over Dave Holly, after twenty rounds of clinching and infighting at Pleasant Beach last night. It was far from an interesting battle from a spectators' standpoint.

It is always well to have a box of salve in the house. Sunburn, cuts, bruises, piles and boils yield to DeWitt's Witch Hazel Salve. Sold by W. F. Creighton & Co., 401 King street.

The Hartje Divorce Case.

Pittsburg, Pa., July 24.—That the alleged Helen Scott letters are considered of vital importance, in the outcome of the Hartje divorce trial, was evidenced this morning by the attention given them in the cross examination of Dr. Persifor Fraser, the Philadelphia expert, who testified yesterday for Mr. Hartje.

When the Hartje trial was resumed today interest was centred in the letters purporting to have been written by Miss Helen Scott, but which she repudiates. These letters, which Attorney E. J. Hartje said yesterday he found in a scrap heap in the loft of the stable of his brother, the libellant, contain directions to "Tom" Madine, the Irish coachman, co-respondent, and show, it is alleged, that Miss Scott was aware of the alleged relations between Mrs. Hartje and Madine, and acted as a go-between.

Further expert testimony to show that Mrs. Hartje wrote the disputed "standard" known as the "Dear Susie" letter given today by Professor W. A. Drake, of Chicago.

Interesting testimony is believed to be ready for presentation as soon as Prof. Drake leaves the stand. The presence of a number of negroes, including the wife and mother of Clifford Hooe, the colored corespondent, in court, today, caused many surmises.

The Thaw Case.

New York, July 24.—Every effort will be made by the prosecution in the Harry Thaw murder case to obtain the testimony of Mrs. F. E. Holman, mother of Mrs. Evelyn Nesbit Thaw. The district attorney's office will try to induce Mrs. Holman to come here from Pittsburg and testify; if not the representative will seek to obtain a sworn statement. The publication of letters of Mrs. Holman to Stanford White have made Mrs. Holman a much desired woman for the state.

Mrs. Harry Thaw returned to the Tombs at 1:30 this afternoon and was with her husband for half an hour.

Frehzied by Yellowjackets.

South Bethlehem, Pa., July 24.—Councilman Jacob Bingel, of Fountain Hill, is almost crazed with pain from yellowjackets' stings, and his arms, legs and body are swollen to double their natural size.

The yellowjackets infest a lodge at the entrance gate of the Bingel premises, having supplanted hornets, which colonized there last year, and stung Mr. Bingel so badly that he was under the doctor's care for days.

To Row with Cambridge Crew.

Boston, July 24.—The Harvard University crew which defeated Yale at New London, last June, will sail for England next Friday, and unless the date is changed will on Saturday. September 15, row a race with the Cambridge University. The race will be rowed over the regular Cambridge-Oxford course, extending from Putney to Mortlake on the Thames. The distance is about four and a quarter miles. The Harvard and Cambridge crews will be made up exactly as they were in the races against Yale and Oxford, respectively.

Russell Sage's Will.

New York, July 24.—A bitter contest over the will of Russell Sage is expected to develop when it is offered for probate in this county, after the funeral of the financier in Troy, N. Y. Counsel is already being engaged by relatives to smash the will should it develop that Mr. Sage has not remembered them adequately. Until the will is probated, however, no move can be made as the provisions of the will are not known. Statements, however, purporting to be authoritative as to the disposition of the enormous fortune are only surmises.

Fatal Mistake.

New Brunswick, N. J., July 24—Mrs. Laura Vanderveer, who lived with her brother, George Venable, on Raritan avenue, Highland Park, rose at about 2 o'clock this morning, and went to the closet for medicine she was to take. Groping about she found a bottle she supposed contained a tonic. Instead, the bottle contained carbolic acid. She swallowed a large quanity and while Dr. Guttman was administering antidotes and using the stomach pump she died.

Norfolk and Western Railway.

New York, July 24.—At a meeting of the Board of Directors of the Norfolk & Western Railway Company, held today, W. H. Barnes, a director of the Pennsylvania Railroad Company, and John B. Thayer, Vice President of the latter company, resigned as directors. Henry C. Frick, one of the largest individual stockholders of the Norfolk & Western Railway, and L. C. Weir, representing large stockholders' interests in the company, were elected to fill the vacancies.

Five Persons Injured.

Pittsburg, Pa., July 24.—Five persons were seriously injured by jumping from an outbound McKeesport trolley car, going at high speed on Eighth avenue, Homestead, just before noon today. The controller on the front of the car caught fire and at the same time fuses leading to the motors under the car burned out, with a blinding flash. Some one shouted, "jump," and the command was obeyed with the result given above.

Strike of Motorman and Conductors.

New Bedford, Mass., July 24.— Over six hundred motormen and conductors, employed by the New Bedford street Railway Company went on strike this morning, and as a result, the service is badly crippled. The principal point at issue between the officials of the company and the men is the recognition of the union. This has been absolutely refused by President Crapo, of the railway company.

Senator Allison's Condition.

Des Moines, Iowa, July 24.—In response to the demand of the friends of Senator William B. Allison for an authoritative statement concerning his physical condition, his private secretary, L. J. McNelly, has sent the following: "Newspaper reports not only exaggerated, but entirely incorrect. Senator Allison has absolutely no kidney trouble, and is improving steadily."

Fatal Accident to Young Woman.

Williamsport, Pa., July 24.—At Ellenton, yesterday afternoon, Miss Ethel Dumond, aged 17, carrying a bright colored parasol, attempted to get into a carriage that was drawd by a colt. The latter frightened at the parasol, jumped to one side and Miss Dumond was thrown out upon her head. She died in a short time.

The Market.

Georgetown, July 24.—Wheat 85a75.

Frightful Railroad Accident.

Spokane, Wash., July 24.— At least nine lives were lost on the Great Northern's fast Continental train which plunged into the Diamond Lake, 34 miles east of Spokane, Monday afternoon. The train has just passed out of the tunnel and swung onto the curve above the lake, which really is a broad extension of the Little Spokane river, when the cars dashed 65 feet down an almost perpendicular cliff in the water. As it leaped to its doom, on the rocks the gas tank under the smoker and the day cars burst and the coaches caught fire. The lake is 300 feet deep and the train plunged into it almost perpendicularly. The engine, baggage and mail car went under and finally the smoker. The train did not become uncoupled but the day coach behind the smoker kept the tracks.

Fight Against Ice Trust.

Hartford, Conn., July 24.—Attorney General Wm. H. King and Mayor F. Hennis, scored and important point in their fight against the so-called local ice trust in the superior court today when an order was secured from him giving them permission to examine the books of the three local ice concerns. The attorneys for the state today filed an answer to the pleadings set up by the ice companies last Friday. Attorneys Sperry complained to the court that the answer contained new matter and allegations, and requested time to make reply to these. The court granted one week.

Ovation to Mr. Bryan.

London, July 24.—William J. Bryan was one of the principal speakers at this morning's session of the inter-parliamentary peace conference, and incidentally through his eloquence was instrumental in inducing the conference to adopt a resolution recommending the extention of arbitration in the settlement of international disputes. Mr. Bryan was the recipient of a great ovation following his address. There was an impromptu suspension of business of the conference while the delegates crowded about the American orator to congratulate him.

Queen Wilhelmina Ill.

The Hague, July 24.—Queen Wilhelmina was taken ill last night and the announcement was made this morning that as a result of her sickness the expectation of an heir to the throne will not be realized at this time. All Holland has been cast into gloom by this news.

New York Stock Market.

New York, July 24. 11 a. m.—The stock market has been feverish and irregular all through the first hour. Early losses following the unfavorable morning news from Russia, were recovered on the appearance of heavy buying orders when the market turned again and declined under the lead of Brooklyn Rapid Transit. The room traders, after the early advances turned to the bear side and have since been vigorously hammering the market.

TELEGRAPHIC BREVITIES.

A warrant charging abduction was sworn out in Quincy, Mass., this morning against Duncan Cameron, 22, of Elizabeth, N. J. It is charged that he has abducted Rita Smith, 15 years old.

The House of Commons has passed the Irish laborer's cottage bill, carrying an appropriation of $22,500,000. The cost of the cottages is estimated at $850, so that between 25,000 and 30,000 will be erected.

The democratic executive committee of the Eighth Mississippi congressional district held a meeting at Jackson today and formally declared John Sharp Williams the party condidate for Congress from this district.

United States Ambassador, to Paris Robert McCormick, and Mrs. McCormick, were passengers on the steamer Kronprinz Wilhelm, which arrived at New York today from Breman, Southampton and Cherbourg.

The building of the Franco-American Oil Company at Marseilles, France, has been destroyed by fire. Five persons were injured. Burning streams of oil flowed from the building for two hours into the surrounding streets. The damage is estimated at $60,000.

As a result of the great blockade the Southern Pacific has given orders to send no more freight to San Francisco until that already there is unloaded. Seven thousand cars, twenty per cent. of the available equipment of the company, now are tied up in siding near that city.

The Imperial Laundry at Colwell, Pa., and Vine streets, was damaged by fire this morning to the extent of about $25,000. The seventy-five girls employes lost all of their street clothes, owing to their hasty exit.

In a collision between a trolley car and a wagon containing a crowd of picnickers near Baltimore about one o'clock this morning, one colored woman was killed and a number of others were injured.

A schooner foundered in the harbor of Bombay today. Fourteen persons were drowned.

Sewing Machine Factories Blown Up.

A dispatch from Kattowiz, Prussian Silesia, says that the Singer sewing machine factories at Sosnowice and Bendzin were blown up by bombs at about the same time yesterday. At Sosnowice six persons were severely wounded, and at Bendzin four were badly hurt.

Military cordons have been placed around the factories. A state of panic exists at Sosnowice.

Sosnowice and Bendzin are in Russian Poland, near the Silesian border. They are factory towns, five miles apart, with a population of about 20,000 people each.

River Notes.

The tugboat Bohemia arrived late yesterday evening from Baltimore with five barges loaded with coal in tow. Two—the George D. Roberts and Edward Fay—consigned to Mr. DeW. Aitcheson, were docked between Prince and Duke streets, and the others were towed to Washington.

The schooner Henry F. Kreager, on her way from Maine to Washington with a load of ice, has been chartered by the Alexandria Fertilizer and Chemical Company to proceed to Tampa Fla., and bring a cargo of phosphate rock to this port.

A load of watermelons from the lower Potomac passed up the river on a schooner this morning. This is said to have been the first home-grown melons of the season seen this year.

The schooner Helen Montague loaded with laths from Chatham anchored off this city this morning and after being inspected by the U. S. marine officer of this city and given a clean bill of health proceeded to Washington.

The three-masted schooner Cherubim, which recently loaded with railroad ties at the shipyard for Boston, has cleared.

Scarcity of Ice.

The people of Washington yesterday were given an illustration of the impending ice famine in that city. The drivers of the American Ice Company were instructed to furnish each customer with only half his usual supply of ice. This order remains in force until the vessels, now said to be on their way to Washington with ice, arrive there. The four-masted schooner Kreager is said to be on her way up the river, but nothing has been heard of her since she sailed from Maine, 10 days ago. The advance in the price of ice, which was predicted last week, was made yesterday morning. Independent dealers must now pay $4 per ton, which is an advance of 50 cents per ton, and retail dealers and large consumers must now pay 30 cents per hundred pounds for quantities less than 500 pounds, and over that amount 25 cents per hundred, which is an advance of five cents per hundred pounds. There has, as yet, been no advance to the family trade.

Resignations.

Mr. Frederick Ingersoll, who designed and built Luna Park near this city, has resigned, it is learned, from the management of the park and also of Luna Park in Scranton, Pa., the resignation to take effect within the next few weeks. It is stated that Luna Park, which opened early in the season, has been a success beyond the anticipation of its promoters, having already paid a dividend. Mr. Ingersoll, it is said, retains his interest in the park, but the management will go into the hands of other persons who are not at present known hereabouts. Mr. Henry Edward Warner, who has had charge of the publicity department of Luna Park since it was opened to the public, has also severed his connection with the enterprise, his resignation to take effect August 4.

Steamer Raised.

The steamer Pokanoket, of the James River Navigation Company, plying between Petersburg, Norfolk and Newport News, which was sunk at her wharf at Petersburg several days ago, was raised yesterday afternoon by wreckers from Norfolk. It was found by the divers that the sinking of the boat was due to the opening of her sea valves. A negro named Julian Galloway is now under arrest on suspicion of opening the valves. Comparatively little damage has been done to the boat, but her cargo of freight is a complete loss. The Pokanoket ran on the Potomac during the summer of 1904.

New Locomotives.

Six handsome new locomotives, belonging to the Southern Railway Company, have arrived at the shops of the company in this city. The engines have been built for the company at the Baldwin works in Philadelphia, and are a part of a large order recently placed with the Philadelphia concern. Four of the locomotives are designed as shifting engines, for use in the yards, and two belong to the heavy type of freight locomotives used on fast freight trains. The new engines are expected to be out on the road in a few days.

Alexandria in the Lead.

The report of the Department of Commerce and Labor for the past year makes some interesting exhibits of Virginia industries, according to which Alexandria takes the lead in the increase of wages paid in manufactories, the amount given being 75 1. Manchester and Alexandria rank next in order in industries, the principal feature in the former being car construction and general railroad shop work. Alexandria's principal industries are stated to be the manufacture of fertilizers and glassware.

Missing Persons.

Hillman Deavers, a resident of this city, has been missing since the first day of last May, and his relatives are anxious to ascertain his whereabouts.

Walter H. Reid, sixteen years of age, whose home is at Chesterbrook, Fairfax county, is reportrd missing and the Alexandria and Washington police are on the look-out for him. The boy is reported to have disappeared from his home a few days ago.

VIRGINIA.—In the Clerk's Office of the Corporation Court of Alexandria, on the 24th day of July, 1906.

July, 1906.

David M. Newbold, jr., vs. } Chancery

Capital City Telephone Company of Alexandria, Virginia, Central Trust Company of Maryland, Trustee; Charles West and E. R. Troxell.

Memo. The object of this suit is to subject all the property of the defendant company to the payment of its debts, whereso ver the same may be situated, and particularly to the payment of certain bonds issued by it and the interest thereon and secured by mortgage or trust executed by it to the Central Trust Company of Maryland, trustee, said instrument bearing date on the 31st day of May, 1902, it being intended that this shall be a general creditor's suit, as well as to compel the payment of said bonds and interest held by the complainant and any others, also that a receiver may be appointed to take over all of the assets of the defendant company and that it may be wound up, and its funds disposed of amongst its different creditors in accordance with their respective priorities.

It appearing by an affidavit filed in this cause that the defendants Central Trust Company of Maryland, Trustees, Charles West and E. R. Troxell are non-residents of this State: It is ordered, That said defendants appear here within fifteen days after due publication of this order, and do what is necessary to protect their interests in this suit, and that a copy of this order be forthwith inserted in the Alexandria Gazette a newspaper published in the City of Alexandria, once a week for four successive weeks, and posted at the front door of the Court House of this city.

English Immigrants.

Governor Swanson yesterday received a letter from Commissioner of Agriculture George W Koiner, who is in England in the interest of immigration. Among other things, Commissioner Koiner says:

"These people are slow to start. It will require more time than I had expected, but I will get some good ones this fall and winter, and if they are well pleased they will do the best advertising for us. It is very important that the newcomers be well treated by our people. Our State ought to have begun this work at least 10 years ago. Canada is spending $6,000,000 and has 300 agents in Great Britain, and they pay $5 per head for men and $3 for women, and free passage for women and 106 acres of land to the homemaker. But our mild winters and nearness to the great market will get any of them, and the best. I am getting many inquires in reply to my advertisements. One man starts for Virginia this week, and some good ones later, one with $20,000 to invest in a farm. My man in Norway writes good reports. I am anxious to get over there and see what the conditions are."

OFFICIAL.

AN ORDINANCE to provide for the granting by the City Council of Alexandria to the person or corporation hereafter to be ascertained in the manner prescribed by law, of the right or franchise to lay and maintain a single track railway on Cameron street from the east side of Payne street west to the corporate limit, with suitable curves, switches and connections to connect with the tracks now laid and operated by the Washington, Alexandria & Mt. Vernon Railway Company on both Cameron and Payne streets; also to lay and maintain a single track or curve with suitable switches and connections from the tracks of said company located at the west end of King steeet so as to connect the track of said company at the west end of King street at or near the corporation line with the track of the said company to be laid over its property situated on the north side of King street and to connect with the proposed track to be laid from the east side of Payne street west on Cameron street to the corporate limit, and to erect, construct and maintain the necessary poles, fixtures and wires on, over, under and along the said streets, and to run and operate over and upon the tracks to be so laid cars operated and propelled by electricity or other motive power than steam, which are embodied in the following draft of an ordinance:

"An ordinance to grant to ——— ——— its successors and assigns the right or franchise to lay and maintain a single track railway on Cameron street from the east side of Payne street west to the corporate limit, with suitable curves, switches and connections to connect with the tracks now laid and operated by the Washington, Alexandria & Mt. Vernon Railway Company on both Cameron and Payne streets; also to lay and maintain a single track or curve with suitable switches and connections from the track of said company located at the west end of King street so as to connect the tracks of said company at the west end of King street at or near the corporation line with the track of the said company to be laid over its property situated on the north side of King street, and to connect with the proposed track to be laid from the east side of Payne street west on Cameron street to the corporate limit, and to erect, construct and maintain the necessary poles, fixtures and wires on, over, under and along the said streets, and to run and operate over and upon the tracks to be so laid cars operated and propelled by electricity or other motive power than steam.

Be it ordained by the City Council of Alexandria, Virginia:

Section 1. That there shall be granted in the manner prescribed by the Constitution and laws of the State of Virginia the right or franchise to lay and maintain a single track railway on Cameron street from the east side of Payne street west to the corporate limit with suitable curves, switches and connections to connect with the tracks now laid and operated by the Washington, Alexandria & Mt. Vernon Railway Company on both Cameron and Payne streets; also to lay and maintain a single track or curve with suitable switches and connections from the track of said company located at the west end of King steeet so as to connect the track of said company at the west end of King street at or near the corporation line with the track of the said company to be laid over its property situated on the north side of King street, and to connect with the proposed track to be laid from the east side of Payne street west on Cameron street to the corporate limit, and to erect, construct and maintain the necessary poles, fixtures and wires on, over, under and along the said streets, and to run and operate over and upon the tracks to be so laid cars operated and propelled by electricity or other motive power than steam.

Section 2. The right and franchise hereby granted shall continue for thirty years unless sooner forfeited as herein provided for, and unless said right or franchise is renewed in the manner prescribed by the Constitution and laws of the State of Virginia, the said ——— ———, its successors and assigns shall upon the expiration thereof, or upon the forfeiture thereof remove its tracks, poles, fixtures and wires from over, under and along the portions of the streets aforesaid described and comprehended in the right or franchise hereby granted, and shall restore, replace or repair the said portions of the said streets to correspond with the paving or other state of improvement then existing, the work to be done as may be directed by the City Council of Alexandria, its City Engineer or other officer having supervision over its streets, avenues and highways.

Section 3. That ——— its successors and assigns shall construct the said railway track on such grade and of such rail and other material as shall be prescribed by the City Council of Alexandria, and the said railway track, poles, fixtures, wires and other construction shall be erected, operated and maintained in a safe and substantial manner and conform to such reasonable regulations as may from time to time be prescribed by the City Council of Alexandria, and the space between the rails and two feet on each side thereof shall be payed in such manner and with such material as may be prescribed from time to time by the said City Council of Alexandria, and shall at all times during the franchise be kept in good repair by the said ——— its successors and assigns. All work in the construction, erection, maintenance and repair of the said railway tracks on the portions of the said streets hereinbefore mentioned, and the poles, fixtures, wires and other construction incident or appurtenant to said railway tracks shall be done under the supervision and subject to the approval of the City Engineer. That ——— its successors and assigns shall commence the construction of the said railway track within sixty days from the date of the approval by the Mayor of this ordinance, and shall complete the same within six months thereafter, and when so completed shall maintain and operate on and over the said track cars propelled by electricity or other motive power than steam, for the carriage of passengers, baggage, freight and package express upon such reasonable schedules as will afford an efficient public service.

Section 4. That the said ——— agrees for itself, its successors and assigns, to hold the City Council of Alexandria free and harmless from liability from any and all damages that may occur to any person or persons, corporation or corporations, on account of injury or damage to persons or property growing out of the construction, maintenance, improvement, operation or repair of the works and fixtures hereby authorized, and whenever the City Council of Alexandria shall be sued for any such damages, either independently or jointly with the said ——— its successors and assigns, the said ——— its successors and assigns, upon notice to it or them by the City Council of Alexandria will, except in a case wherein the entire responsibility for any city work shall lie on the said City Council, defend such suit and in the event of a judgment being obtained in any such suit against the City Council of Alexandria, either independently or jointly with the said ——— its successors and assigns on account of the acts or omission of the said ———, its successors and assigns, then the said ——— its successors and assigns will pay such judgment with all costs and hold the City Council harmless by reason thereof.

Section 5. That for failure on the part of said ———, its successors or assigns, to comply with any material provision of this ordinance the same may be declared forfeited by the said City Council of Alexandria, and may be repealed and the franchise hereby granted declared to be at an end; provided, always, that any such failures shall not have been made good by the said ———, its successors or assigns within ninety days after written notification of such failure to said ———, its successors and assigns, and provided always, that any such failure resulting from the act of God, public enemy, strikes at home or abroad, or from any other unavoidable accident or cause shall not be deemed a ground for declaring the right and franchise hereby granted repealed, forfeited or at an end, or for imposing penalties for failure to perform the requirements of this ordinance.

OFFICIAL.

Section 6. That for any failure on the part of said ———, its successors and assigns, to comply with any material requirements of this ordinance the said ———, its successors or assigns, shall be liable to a fine of not less than five dollars or more than one hundred dollars for each offense, each day's failure to be a separate offense, said fine to be collected as other fines are collected and paid into the City treasury. The imposition of any fine under this section shall not prevent a forfeiture under the foregoing section.

Section 7. That said ——— its successors or assigns shall, before commencing work under the provisions of this ordinance, execute a bond, with security to be approved by a majority of the Finance Committee of the City Council of Alexandria, in the penal sum of five thousand dollars conditioned for the faithful construction and putting into operation, and for the proper maintenance and operation of the said railway to secure efficiency of public service and to protect the City Council of Alexandria from damages arising from suit or otherwise for which said ——— its successors or assigns are liable and for the faithful performance of Section 2 of this ordinance.

Section 8. This ordinance shall be in force from and after its passage.

"Section 2. That upon the approval of this ordinance by the Mayor of the City of Alexandria it shall be the duty of the Clerk of the Common Council to cause to be advertised once a week for four successive weeks in a newspaper published in the City of Alexandria, Va., a draft of the ordinance contained in the foregoing section, and in addition he shall in such advertisement invite bids for the right or franchise proposed to be granted in the above proposed ordinance. The cost of this advertisement to be reimbursed to the City Council of Alexandria by the corporation to whom the grant of such right or franchise is finally made. The City Council reserves the right to reject any and all bids. Each bidder will be required to file with his bid a certified check for one hundred dollars, payable to the order of the City Council of Alexandria, which certified check or checks will be returned to such bidder or bidders whose bid or bids are rejected, and in the case of the bidder whose bid is accepted and to whom the above right or franchise is awarded, said check will be returned on the execution and delivery to the City Council of Alexandria of the bond required in the proposed ordinance hereinabove mentioned. The bids are to be delivered to the presiding officer of the Common Council of the City of Alexandria, in open session, at the date and hour of the next regular session of said body held next after such advertisement shall be completed, and shall be then and there presented by the presiding officer to the City Council of Alexandria to be dealt with and acted upon in the mode prescribed by law.

"Section 3. This ordinance shall be in force from its passage."

Passed the Common Council July 10, 1906.
HUBERT SNOWDEN, President.
Passed the Board of Aldermen July 10, 1906.
J. T. SWEENEY, President.
Approved July 14, 1906.
FRED. J. PAFF, Mayor.
Teste: DANIEL R. STANSBURY, Clerk C. C.

Bids are invited for the franchise rights and privileges proposed to be granted by the above ordinance, which bids are to be in writing and are to be delivered on August 14, 1906, at 8 o'clock p. m., to the presiding officer of the Common Council of this city, in the Council Chamber thereof. Each bidder will be required to file with his bid a certified check for $100 in accordance with Section 2 of the above ordinance. The City Council reserves the right to reject any and all bids.

KEEP YOUR SHOULDER TO THE WHEEL.

The big round dollar wheel—roll it along—roll as many as possible into the SAVINGS DEPARTMENT of this strong corporation where they will work day and night for you, earning 3 PER CENT. INTEREST compounded. Desiring to give the best possible advice we most earnestly advise you to save. Place yourself in a position to take advantage of a good opportunity when offered. To do this you must first of all deny yourself (not those dependant upon you) and SAVE MONEY. Little by little, but steadily, see the account increase and some day you will look upon the amount accumulated and be able to say you actually saved that money AND SAVED IT OUT OF YOURSELF. You should then watch for the opportunities that are offered in this day of extraordinary commercial and other developments and invest the fund wisely and cautiously. Think this over today—ONE DOLLAR will start you—so why not begin at once. We invite you to call and talk this matter over with our officials.
